Notes:
1. The table shows our investment plan as of May 15, 2018 when the Medium-term Management Plan 2020 was announced.
2. The table does not include growth investments, such as capital partnerships and M&As.

In addition to the above, we plan to carry out appropriate capital partnerships and M&As in a broad range of fields, which will lead to the growth of Japan Post Group as a “Total Lifestyle Support Group” and serve to enhance the Group’s and Group companies’ corporate value, after carefully judging each case against our investment judgement criteria. To finance such partnerships and M&As, we plan to utilize our existing cash flow, borrowings backed by our abundant borrowing capacity and proceeds from the sale of shares of Japan Post Bank Co. and Japan Post Insurance Co.

Shareholder Return Policy

Japan Post Holdings Co. considers returning profits to shareholders to be an important management measure and sets out its basic policy to continuously provide stable return to shareholders in accordance with the results of operations.

With regard to dividends from retained earnings, the Company aims to provide stable returns to shareholders while maintaining required internal reserves and paying attention to capital efficiency. Accordingly, the Company intends to sustain stable dividends per share.

The decision-making body concerning dividends from retained earnings is set to be the Board of Directors as per the provisions of the Articles of Incorporation in order to ensure flexible management operations. In addition, it is stipulated that dividends from retained earnings are to be paid with March 31 and September 30 of each year as record dates.

With regard to dividends from retained earnings for which the record date falls in the fiscal year ended March 31, 2019, based on a comprehensive judgement of the consolidated financial results and other factors, the annual dividend on common stock was ¥50 (of which interim dividend of ¥25) per share.

Internal reserves will be utilized mainly for investments to capture growth opportunities and capital policies with awareness on capital efficiency, aiming at enhancement of corporate value.
