

Initiatives for Transportation Safety

Top management at Japan Post Co., Ltd. views the assurance of health and safety as fundamental to business management, so we are working together to realize a safe environment where employees can work with peace of mind.

We have set four basic policies regarding health and safety, namely “maintenance, reform, and improvement of health and safety management,” “compliance with laws and company regulations,” “strengthening of measures to ensure health and safety during collection and distribution, sales activities, and other work done at post offices,” and “educating all employees on ensuring health and safety, while evaluating and improving on the results.”

Initiatives for Transportation Safety

Safety Education for Employees Who Drive Vehicles

We are raising hazard awareness by implementing hazard prediction training (SKYT), which teaches drivers to visualize latent hazards by viewing photos of intersections and roads they will use daily prior to departing from post offices.

Depending on the vehicle driven, we provide training for staff of two-wheeled vehicles, in which they must drive in a straight line on top of a board with a constant width to enable drivers to gain a sense of balance matching their payloads. For four-wheeled vehicles, we provide training on a daily basis, in which staff must drive between and stop within two lines the width of the vehicle to give staff a feel for the vehicle.

In addition, four-wheeled vehicles are equipped with drive recorders, and employees driving two-wheeled vehicles are required to carry smartphones. On a regular basis, guidance is provided on accident prevention by utilizing data on sudden acceleration, deceleration, and other driving conditions detected by the acceleration sensors mounted on these devices.

Daily training

Safe Driving Instructors

Japan Post stations safe driving instructors who are responsible for teaching safe driving techniques at post offices that conduct delivery and collection work.

We hold the “Safe Driving Contest” in which instructors compete in advanced driving skills, knowledge, and leadership for two-wheeled and four-wheeled vehicles. (In the fiscal year ended March 31, 2021, the contest was cancelled due to the COVID-19 pandemic.)

An instructor conducts a pre-service inspection of a vehicle (checking tires, etc.) during a Safe Driving Contest.

Transportation safety record

Goal	Number of serious accidents: 0
Actual	For the fiscal year ended March 31, 2018: 2 (1 fatal accident, 1 vehicle failure)
	For the fiscal year ended March 31, 2019: 1 (1 health-caused accident)
	For the fiscal year ended March 31, 2020: 0
	For the fiscal year ended March 31, 2021: 2 (1 case of falling, 1 case of overturning)
